

2026-27 EARLY EXPLORERS PRESCHOOL | Star Center

Early Explorers Preschool is designed for pre-school aged children (3+ that are fully potty trained-no exceptions) in order to gain independence and work on age-appropriate social, emotional and academic skills. We will be using the world around us to learn, explore, and grow through play. The program follows an active and playful approach and is taught in a multi-aged setting where kids learn how to help themselves and others during independent play, teacher-led instruction and outdoor discovery. The YMCA is offering three flexible options for learning and care:

1
