

Nurture, Educate, Blossom

Our Program

Child-Centered

Providing a safe and nurturing environment for children to develop self-confidence, curiosity, and problem solving skills at their own pace.

Play-Based Centers

Open-ended playtime with various centers aligned with the Wisconsin Model Early Learning Standards, recommended by the State of Wisconsin.

Social Emotional Learning

Supporting ongoing development through conflict resolution, modelling, and by identifying emotions.

Outdoor Exploration

Offering authentic experiences to facilitate independent discoveries through inquiry-based learning. Areas of exploration will extend beyond campus with walking trips.

Community and Service

Demonstrating community within the classroom through active participation during mealtimes, specialty jobs, and manners.

Art and Creativity

Developing large and small motor skills through music, dancing, finger play, and process art.

About Us

At our Early Explorer Preschool children will be using the world around them to learn, explore, and grow through play. Staff will model the Y's core values; Caring, Honesty, Respect, and Responsibility through developmentally appropriate practices. Children will be encouraged to explore and learn life skills developing self-confidence. Daily outdoor time will be prioritized.
