# LITTLE CHEFS

Stir up some fun in the kitchen! In this hands-on cooking class, kids will learn basic kitchen skills, explore healthy ingredients, and create delicious recipes they can proudly share at home. From mixing and measuring to slicing soft foods and decorating treats, each session offers a new dish and a chance to build confidence in the kitchen.

We focus on safe, age-appropriate techniques while encouraging creativity, teamwork, and a love for cooking. Aprons on—it's time to cook up something fun!
