WIGGLES & WAVES

Come move, play, and splash with us! Wiggles and Waves is the perfect program for moms, dads, grandparents, and caregivers looking to connect with other families while their little ones burn off energy and make new friends.

Each session begins with an hour of open play in the gym, where kids can run, jump, and of course—wiggle! After that, we'll head to the activity pool for open swim, where the fun continues with water play, laughter, and waves of joy.

Whether you're looking to build community or just need a morning of active fun, Wiggles and Waves is a great way to bond, play, and splash your way through the day!

Ages

Kids of all ages, when accompanied by an adult.
